Retirement is your time to do the things you love, easily and independently. Enjoy a hassle-free retirement with lifestyle facilities, services and support right at your fingertips.

Spend your days relaxing around the apartment or popping down to one of the many community spaces for some socialising, gardening, reading or exercise. The Terrace is your spot for pottering in the herb garden, hosting a small gathering or entertaining the grandkids. The Library is filled to the brim with stories to keep your imagination running wild or computers for a little internet surfing. The Deck is perfect for staying nimble with yoga and other hosted exercise classes. Or, if it's some chilling out you're after, then The Lounge is your place to relax in company with the morning newspaper and a cuppa.

Our residents already enjoy a busy social calendar full of activities and clubs such as bingo, trivia, book chat, games, yoga, Tai Chi and the walking group. If your hobby or club doesn't exist, the great thing is, you can create it.

Arbor is operated by an experienced and friendly onsite team to deliver a range of resident services and support as you need it. Our Village Manager helps to make each day more exciting through the facilitation of ongoing activities, community news and the resident committee. When you need a little extra support, we're here to connect you with a range of care providers or facilitate services from third party partnerships such as Figjam Express, your go-to for fresh, ready and nutritionist-approved meals that keep your health and happiness on track.

With all of this at your fingertips, your retirement lifestyle is fulfilling and easy.
