

Independence & Peace of Mind.

Assisted Living Apartments

Beautiful apartments. Excellent facilities.

The Community Centre at Angle Vale Gardens Retirement Estate has beautifully appointed Assisted Living Apartments offering a hotel like experience.

Apartments are spacious and thoughtfully designed with services and support that come to you.

Apartments offer the benefits of assisted living with the freedom to live independently. Each apartment opens into a lovely internal avenue in the Community Centre with easy access to the social hub of the estate and its extensive facilities such as the bar, gym, library, dining room and hairdresser.

Apartments are spacious and light, with a large bedroom, ensuite bathroom and walk through robes. The large separate lounge room has an atrium providing lots of natural light. It is an ideal place to relax and spend time with friends and family. Additionally there is also a large sliding door that opens out on to the patio garden setting.

The support you need is all included

An easier way of life. One where our team looks after the chores you'd rather not undertake any more.

Delicious homestyle lunches and dinners prepared by the chefs are served in the dining room daily. Breakfast is at your leisure thanks to the provision basket in your apartment.

The house keeping team will ensure your apartment is cleaned and you have fresh laundered linen on your bed.

And of course, there is the peace of mind knowing help is close by if required. Your emergency call system is monitored by the onsite team 24-hours and the staff are available to help with extra services if necessary.

A visiting pharmacy, medical practitioner and other specialists bring further independence and ease of living to you.

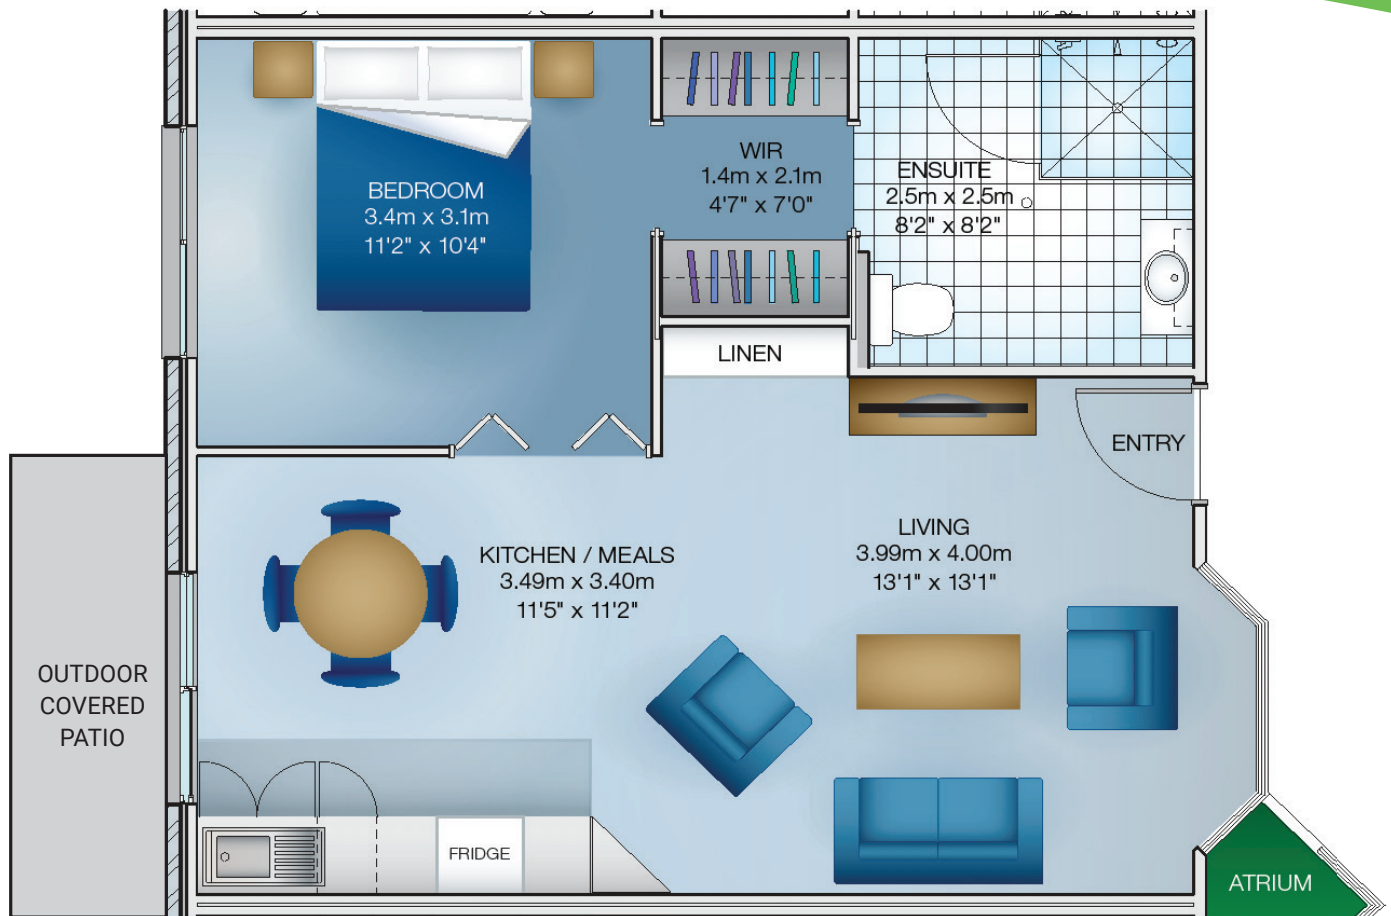

The Angle Vale Gardens Assisted Living Apartment provides that extra support so you can get on with living life and enjoying yourself.
