Rhythm of Life®

At Anglicare we believe person-centred care is the foundation of quality aged care and that there is no ‘one size fits all’ solution when it comes to giving you the support you need.

It's not about fitting into our routine, but rather maintaining your own along with your independence and choice on how you would like to live every day. We believe you should receive personalised care that considers your past, your interests, and your preferences.

That is why we have developed a unique program called Rhythm of Life®. Below are the eight principles of Rhythm of Life® that guide everything we do in our residential care homes to empower you to make informed decisions and enrich your quality of life.

Everybody

Has a unique story.

Deserves honour and respect.

Will be supported to make decisions relating to their life.

Will be encouraged to maintain and develop relationships that are meaningful.

Will be provided with holistic care that meets their individual needs.

Will be supported to feel safe, comfortable, welcome and ‘at home’.

Will have their needs and preferences acknowledged and valued.

Will be shown the love of Jesus.

Payment options

Residents can choose to pay for their accommodation by a refundable accommodation deposit (RAD), a daily accommodation payment (DAP), or a combination of both.

A RAD is paid as a lump sum amount.
A DAP accrues daily and is paid periodically, for example fortnightly.

A combination payment includes both a partial lump sum (RAD) and daily payments (DAP).

Where a resident doesn't pay the RAD in full, they can elect to have their DAP deducted from their contribution. Where this occurs, the amount of DAP will gradually increase as their contribution decreases. As the RAD contribution decreases, the resident may be required to make a further contribution if the deductions are to continue.

*** For new residents entering the residential care home from July 2023, the Additional Service Fee will be indexed on an annual basis in July of each year based on the CPI increase for the previous year. This applies to all fully and partially supported residents.
