A RYMAN VILLAGE

Retire in a
tranquil paradise

The living is easy

We offer living options to suit everyone, so you can choose the lifestyle that suits you best.

Independent living

Apartments are designed with your needs in mind. They're light and inviting with a clever layout and the kitchen and bathroom designs are modern yet timeless. Your base weekly fee includes rates, window cleaning, gardening and exterior maintenance, giving you more freedom to do the things that you love.

Assisted living in a serviced apartment

Our serviced apartments come with support that makes life easier, including housekeeping, delicious chef-prepared meals, and a variety of outings and activities. These apartments are light, spacious, and situated in the heart of the village with easy access to community amenities.

A range of care options

The levels of aged care we provide include residential aged care, specialist dementia care and respite care. Once you live in a Ryman village, you will always have priority access to our aged care options over non-residents. Should an immediate space be unavailable, we will do our best to accommodate you at another Ryman village until a space becomes available in our village.
